SCHOOL NOTES

Items Concerning Various Departments of the Public Schools

High School.
Mid-term examinations are in progress in high school this week. The attendance in high school Monday was large considering the weather conditions.

The new school board organized January 7 with the following new officers:

Mr. Frank Sprague—President.
Charles Neiderhouse—Vice President.

George Merricle—Clerk.
The other members of the board are C. A. Hampton and Lieutenant Colonel George Greenhalgh.

The walls of the gymnasium are being made smooth. This will decrease the number of skinned elbows.

Storm doors are being built to the new building. These certainly have been needed for some time.

The semi-monthly teachers' meeting was held Monday evening after school.

The boys' and girls' basketball team are going to Haskins Friday night.

Rosford cancelled last Friday's game because of sickness.

Carl Leatherer, president of Senior class and a very prominent member of P. H. S., has enlisted in the Aviation Corps. He is now in Kentucky but is expected to be sent to some western camp. Carl is certainly missed and especially the Senior class miss their president.

Eighth Grade.
The eighth grade has nearly finished paying for their piano and wish to thank those who have so kindly assisted them.

Supt. J. A. Neitz has placed an outline of the high school course of study upon our bulletin board, and members of the eighth grade are studying it carefully in anticipation of next year's work.

Seventh Grade.
The seventh grade has three new pupils, Emerson Simmons, Alva Fahrner and Marguerite Jacobs.

The pupils of this grade are preparing for county examinations.

Those who were neither absent nor tardy the past month are: Beatrice Berning, Marcell Emeh, Freida Glaser, Mildred Hennan, Vallie Marriot, Helen Sarver, Thelma Thurlby, Gladys Webb, Marjorie Williams, Helen Williams, Jeanette Wiser, Edna Witzler, Paul Bohman, Clair Cocanour, Isaac Fahrner, Carl Haefner, Ray-

Soon Over His Cold.

Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctored him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."

WHY DOES HE TARRY?

Officers are Very Anxious to Meet the Preacher.

Bowling Green, Jan. 11.—Some-where in the wicked world is Rev. A. L. Smithson, 50, Evangelical minister.

Just where the juvenile officers of Wood county would like to learn, for they have a warrant for his arrest on the charge of non-support of his minor children.

Smithson was a shining light of the pulpit until the new year began a few days ago. He had occupied the pulpit at Tontogany for some time and then had been pastor of flocks at Luckey, Bradner and Prairie Depot. When he disappeared about New Year's day, he left his wife and his two children behind at Bradner and did not explain that he was going.

Neither did a fair member of his acquaintance inform her husband that she proposed leaving at such a time, strangely coincident with that of the skylit. She found one of McAdoo's trains leading back to her home, but the preacher, like much of Garfield's coal, has been delayed in transit and apparently is lying on some little known siding.—Correspondent to Toledo Blade.

SWANTON DEMURS.

The Journal recently published a list of names of Perrysburg men who are now in the U. S. service—enlisted and selective. From this list the Toledo Blade's correspondent compiled a statement and in his correspondence challenged any other locality of the size for a showing equally as good.

Within a very few days thereafter the challenge was taken up by Swanton, a town about half the size of Perrysburg, with a list beating Perrysburg in number of men serving and in number enlisted.

It is very commendable on the part of the Blade correspondent to boost the home town whenever possible, but if he had been better posted on war sentiment at home as compared with many other localities he would not have issued his challenge.

JANUARY BLIZZARD

"Old Fashioned Winter" Weather Arrives With a Vengeance.

If any person in this locality is still longing for "old fashioned winter weather" we suggest that he go to the north pole if he is not already satisfied. Surely what we have received during the past week should satisfy any reasonable person.

On Friday afternoon a storm of fine snow came in from the east, the temperature was very mild until midnight when a special brand of Rocky Mountain Zephyrs arrived, which chased the mercury down into the little bulb of the thermometers and froze the blood of the most active and robust citizen.

By early morning was so thoroughly in the grip of old Boreas with General Crimp working in conjunction that all traffic was tied up—street cars and steam trains were glad to be in shelter; merchants' delivery did not attempt to come out; milk men had all they could do to care for their stock and could not pull their wagons through the snow; mails were not delivered and no one was received in town; very few people ventured out and only those who were compelled to open their places of business. Not a newspaper was delivered and all day Sunday the storm continued and the "shut-ins" did not ever have the comfort of the Sunday papers.

It was the most severe storm that has visited this section in forty years.

CHAPTER ELECTION.

Ft. Miami Chapter R. A. M., of Maumee elected and installed the following officers:

High Priest—P. M. Schibrowski.
King—Wm. Perrin.
Scribe—Dr. W. L. Rhonehouse.
C. of H.—John Gunn.
P. S.—A. W. Cohn.
R. A. C.—George Shafer.
Treas.—L. E. Eckert.
Sec.—Ernest Perrin.
G. M. 3d V.—Harry Turner.
G. M. 2d V.—Henry Brandt.
G. M. 1st V.—A. Philes.
Guard—John Buechler.

The officers were installed by the retiring High Priest, J. F. Brandhuber and the new year is started with favorable prospects.

If John D. Rockefeller, Jr.,

has his shoes patched in these times of universal war, thereby reflecting a family wisdom that has assisted in amassing five billions of Standard Oil wealth, those of lesser means should economize and put savings into war savings stamps.

SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

Maumee booze emporiums must have felt the effects of the storm quite severely—the Perrysburg trade was entirely cut off by the storm. Coming on Saturday, as it did, probably prevented many of the over-Sunday supplies being brought in, thus causing much uneasiness among those with the chronic thirst.

Wonder what excuse the ice men will have for claiming a shortage of supplies in the event of next summer being very warm?

In the passing of Capt. Naggs of Portage, one of the finest gentlemen "of the old school" has departed. The captain served his country faithfully and well during the rebellion. He bore his 86 years well—was always a refined and lovable gentleman. His absence will be greatly regretted by many.

Those who have been actively engaged in trying to sell Liberty Bonds in this town and township know full well that pacifism and pro-German sentiment has had its effect on the enlistments as well as encouraging every effort to secure exemption, specifying every possible excuse—from ingrown nails to over-sized appetites—as reason for abstaining from participation in support of the government in its time of need.

It is an easy matter for the government to fix a price on coal, but does that assure the consumer that he will get his coal at that price? Not that anybody has discovered. The Toledo sugar company is making immense quantities of sugar every day. Does that indicate that Toledo consumers can buy the sugar they need? Same answer! All this big business may be very beautiful for a certain class of American citizens, but when this war is over, if there are any common people remaining whom the profiteers have not discovered, there may be things doing at home that will settle forever the question of plunder at home the same as we will settle the question of militarism abroad. The common people will submit for a long time to many wrongs but there will come a time when submission will cease and the future may hold in store some very unpleasant prospects.

Prefers Chamberlain's.

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican-News, Syracuse, Kan.

STOCKHOLDERS MEETING

Haskins Bank Makes Fine Showing for the Year.

On Monday, Jan. 14, the stockholders of the Haskins bank held their annual meeting.

The following were elected directors: Geo. Emmreich, Chas. A. Dauer, Arthur Vermilia, Fray Robertson, Frank Gallipin, H. A. Brand, John Schutzenberg, P. H. Ziss.

They elected the following officers:

President—Geo. Emmreich.
First V. P.—C. A. Dauer.
Second V. P.—Arthur Vermilia.
Cashier—Lee Vermilia.

After the meeting the stockholders enjoyed a banquet at the parlors of the Baptist church at the village. Ministers and Dr. Canright were guests.

After the banquet President Emmreich as toastmaster addressed the meeting and called upon others to respond to various toasts.

There were 42 stockholders present and at the conclusion of the banquet all were presented with dividend checks.

The meeting closed with singing America.

RED CROSS FLASHES.

Since the appeal of two weeks ago for more workers in our local association, the attendance has greatly improved so that it has become possible to open the rooms every day of the week except Saturday, from 9:30 a. m. to 4:30 p. m.

An attendance of 78 women for four days of last week is evidence of the improvement.

Seven tables have been installed installed. Each superintended by a woman, who is responsible for her table, thereby increasing the quantity of work produced.

Even with the noted improvement there is a necessity for still more workers as the demand for hospital supplies is greater than ever. Every woman in Perrysburg is welcome whether a member of the Red Cross or not.

"Interminable folds of gauze For those whom we never shall see, Remember, when your fingers pause, That every drop of blood to stain This whiteness, falls for you and me, Part of the price that keeps us free, To serve our own, that keeps us clean, For shame that other women know, O, Saviours we have never seen, Forgive us that we are so slow! God—if that blood should cry in vain, And we have let our moment go!"—Amelia Josephine Burr, Red Cross Magazine of Jan., 1918.
